The only DOI folks that need to be coordinated with are Kent Becher of USGS (he will coordinate any technical assistance needs from USGS) and Barry Forsythe will coordinate the FWS interests. I think you have their contact information but let me know if you need assistance contacting them. This is in lieu of the formal letter I usually send to RPMs providing information regarding DOI participation. Can you tell that we are short-handed just about everywhere??

Steve

Hi Stephen,

Brian Mueller is the new RPM for Delta Shipyard and asked me if I could help him identify the Trustees for Delta. Can you please refer his contact information to the appropriate agencies within DOI- His contact information is below.

☺ Brenda

P.S. Hope you are well and mostly groovy.
